

FAQ

Frequently Asked Questions

How is Planet Barley TM being processed?
Planet Barley TM is produced using only young green barley that are organically grown.

Is there anyone who should not use Planet Barley TM?
Planet Barley TM is a natural whole food concentrate which is safe for consumption by everyone.

How to consume Planet Barley TM?
Planet Barley TM should be consumed 30 minutes before meals on an empty stomach.

Why is it not advisable to take Planet Barley TM along with hot beverages?
The abundant 'live' enzymes and other nutrients contained in Planet Barley TM may be destroyed or deactivated by high temperature.

Who can benefit from Planet Barley TM?
Planet Barley TM is suitable for everyone, especially:
* People with poor skin texture & complexion
* People with poor digestive system
* People recovering from illnesses
* Weight-watchers
* Vegetarians
* Children

What make Planet Barley TM different from the products of other brands in market?
* 100% NATURAL and PURE
* Low temperature spray-dried powdered juice of green barley instead of ground powder of the whole grain
* No artificial colourings, flavours, preservatives, additives or animal products added
* Organically grown without pesticides, fungicides, herbicides and chemical fertilizers
* Stringent quality control under GMP

What are the possible initial body reactions after taking barley grass?
When you begin taking barley grass, your body often goes through a cleansing process known as the 'die-off' reaction.
